**D.O. No. TwFC/TOR/1/2002**

26th November, 2002

Dear

As required under article 280 of the Constitution of India, Government has constituted the Twelfth Finance Commission vide Notification dated 1st November, 2002. A copy of the Notification is enclosed for ready reference.

2. In accordance with the relevant provisions of the Constitution, the Commission is required to make recommendations as to the following matters:

- i) the distribution between the Union and the States of the net proceeds of taxes which are to be, or may be, divided between them under Chapter I Part XII of the Constitution and the allocation between the States of the respective shares of such proceeds;
- ii) the principles which should govern the grants-in-aid of the revenues of the States out of the Consolidated Fund of India and the sums to be paid to the States which are in need of assistance by way of grants-in-aid of their revenues under article 275 of the Constitution for purposes other than those specified in the provisions to clause (1) of that article; and
- iii) the measures needed to augment the Consolidated Fund of a State to supplement the resources of the Panchayats and Municipalities in the State on the basis of the recommendations made by the Finance Commission of the State.

3. As in the past, the State Governments will be requested to give their views regarding the principles which should govern sharing of taxes between the Union and the States as well as principles for sharing of tax revenues between States. Further, the Commission would like to have the views of State Governments on the formulation of the principles which should govern the grants-in-aid to be given to the States in need of assistance under article 275 of the Constitution. Thirdly, information on Panchayats and Municipalities will also have to be provided to the Commission.

4. The Twelfth Finance Commission is mandated to review the state of the finances of the Union and the States and suggest a plan by which the Governments, collectively and severally, may bring about restructuring of the public finance, restoring budgetary balance, achieving macro-economic stability. To this, the mandate of achieving debt reduction along with equitable growth has been added. State Governments will be required to give their views on the measures to be taken for restructuring of State public finances keeping these objectives in view. A time frame for restructuring of finances, restoration of budgetary balance and debt reduction may also have to be indicated.

5. I would like to highlight that the Twelfth Finance Commission has among other considerations, the objective of not only balancing the receipts and expenditures on revenue account of all the States and the Centre, but also of generating surpluses for capital investment and reducing fiscal deficit. Further, there is an emphasis on certain efficiency factors such as adjustment of user charges, relinquishing non-priority enterprises through privatization or disinvestment and resource mobilization in order to improve tax-GDP/GSDP ratio. The terms of reference relating to debt position of the States specify that the corrective measures suggested by the Twelfth Finance Commission will give weightage to the performance of the

---

States in the field of human development and investment climate. The States Fiscal Reforms Facility will also be reviewed by the Commission.

6. As is the usual practice, State Governments would be required to provide data on the resources of the State governments and their committed liability including those on account of establishment. However, as far as expenditure on maintenance of capital assets and on Plan projects is concerned, a clear segregation on non-salary/ non-wage related expenditure would be required to be done. Further, forecasts of revenue receipts and plan and non plan revenue expenditure for the period 2005-10 will have to be prepared for the use of the Commission.

7. It may be recalled that the OSD to the Twelfth Finance Commission had addressed all Chief Secretaries vide d.o. letter dated 3rd June, 2002 seeking initial material such as Budget documents, reports of commissions/ committees etc. having a bearing on transfer of resources, data on implementation of Eleventh Finance Commission recommendations, etc. Copies of State Finance Commission reports had also been called for separately. Further, State Governments had been requested to appoint one Senior Officer of the State to act as a nodal officer for interaction with the Twelfth Finance Commission.

8. While the detailed proforma on which data will have to be furnished by State Governments is under preparation, State Governments are requested to set up Finance Commission Cells, if not already done, in the meantime and issue instructions for collection of data based on the proforma circulated by the Eleventh Finance Commission keeping in view the terms of reference of the Twelfth Finance Commission highlighted in the preceding paras. I would also request that nodal officers for interaction with the Commission may be appointed in case the same has not already been done.

With regards,

Yours sincerely,
