

**EXTRACT OF PARA 8 OF THE FAMILY WELFARE PROGRAMME -
A STATEMENT OF POLICY (JUNE 29, 1977)**

8. In a federal system, the sharing of Central resources with the States is a matter of considerable importance. In all cases where population is a factor as in the allocation of Central assistance to State plans, devolution of taxes and duties and grants-in-aid, the population figures of 1971 will continue to be followed till the year 2001. Family Planning and population control is a subject in the Concurrent list, yet the implementation of the Family Welfare Programme is very much the responsibility of State Governments. Assistance for the implementation of the Programme is provided by the Central Government to the States on cent-per-cent basis. In order to ensure a purposeful implementation of the Family Welfare Programme, the principle of linking 8 per cent of Central Assistance to the State Plans with their performance and success in Family Welfare Programme will be continued.
