Note: 1. Interest for 1984-85 has been calculated @ 7 per cent of the estimated outstanding loans as on 31.3.1984 adjusted for loans attributable to works-in-progress and rural electrification schemes. For subsequent years the outstanding loans have been adjusted presuming that works-in-progress would be completed over a period of 10 years.

2. In case the receipts shown in the State forecast are higher than the estimates worked out by us, the State forecasts (net of subsidy, if any) have been accepted.

3. For States where there are no State Electricity Boards the receipts have been taken under Major Head 134 and not under Major Head 049.
